1. Adoption of TADWID Procurement Policy

- Terms of funding include that the District adopt a written procurement policy. It is my recommendation that the board propose a resolution to adopt the **Arizona State Procurement Manual** specific to this project only (can adopt it for broader use if you wish but don't want to obligate TADWID unnecessarily). I have attached it to this email for your convenience.

2. Discussion and possible action regarding Water Conservation Grant Fund

1. Discussion of what is included in grant, how funding is reimbursed, anticipated timelines
2. Assignment of Board Responsibilities (who is going to be signer on contracts, who is responsible for disbursement of funds, who is going to be performing evaluations of solicitation proposals)
3. Establish cash expenditure threshold. (how much money can be spent out of TADWID coffers before requesting reimbursement)

3. Discussion and possible action regarding approved TADWID projects 2023/2024 FY

1. Need to discuss and approve existing projects for 2023/2024 FY and what if any should be pursued or delayed for upcoming FY
